

SKYHIGH Stuntman

As SUPER STUNTMAN you are hired to shoot another mega action movie by the top director STEVEN SQUEALBURGH. To get the scenes right you must complete four death defying stunts each more terrifying than the last!

Each stunt has a RADICAL FINALE, and each presents a different challenge... but be careful, even this movie can only splash out so much on your equipment.

If you crash too many times then you're sacked! Use the POWER-UPS to increase your firepower to PHENOMENAL proportions!

Scene 1 Dodge the enemy in a vintage Supermarine Spitfire over war torn Europe.

Scene 2 Armed to the teeth in a full spec military chopper over riot ridden New York.

Scene 3 Flying in a stolen Phantom jet blow the opposition away!

Scene 4 Fight the Star Wars in a laser blasting battle to the death.

Hints and tips

Fly through each level to the end and land your aircraft. After each level you will proceed to the next movie.

Collect the extra weaponry that you find on the way. Use it to wipe out the on screen bad guys.
